MISCELLANEOUS.

How's

Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, drowsiness and nervousness indicate how the whole system is deranged. Simmonds Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

A general family remedy for Dyspepsia, Torpid Liver, Constipation, etc. I hardly ever use anything else. I have never been disappointed in the effect produced. It seems to be the best remedy for all diseases of the stomach and bowels.

THE CITY OF SONOMA AND ITS WATER SUPPLY.

For some time past, and particularly since the inauguration of a Fire Department in the town one year ago, it has become apparent to those who have taken an interest in the welfare of Sonoma that the town's water supply is totally inadequate for fire and domestic purposes. There is no denying the fact that should a conflagration break out in the business portion of the town the chances are as ten to one that our fire apparatus would be powerless to successfully combat the flames during the hot summer months, owing to a scarcity of water and the rotten condition of the redwood mains which are apt to burst at any time, and which are our only source of supply. This is a question which our citizens and taxpayers, through their representatives on the Board of City Trustees, ought to seriously consider.

There is no reasonable excuse why this city should not have as fine a system of water works as any town of its size in the State. Nature has very generously supplied us with a bounteous supply of flowing artesian water right in the very heart of town. To the north of the Plaza is the Schocken well with a flowing capacity of half a million gallons per 24 hours, and less than one block distant from this is the Lawrence well, which flows over 875,000 gallons daily, while the Vallejo well, which now supplies the town with water, if properly developed, can easily be increased from 200,000 gallons, its present capacity, to double the amount. All these wells are the property of private parties and if combined would give Sonoma one of the finest water systems of any interior town in the State. An union of these wells, however, is not necessarily essential as any one of them, with the expenditure of a few thousand dollars—a competent engineer has put the sum at \$5,000 to \$7,500—for iron mains and storage reservoirs, would supply the needs of the town for many years yet to come. This outlay would produce a revenue of at least \$250 per month as a starter. Surely an income sufficient to satisfy the most avaricious for so small an investment.

The time has now arrived when the people of Sonoma must take this water question in hand.

To sum up. We want:
First—More water.
Second—Larger mains around the Plaza.

Third—A better water service all round.

The benefits to be derived from the above are manifold:

First—A safe and sure protection, when taken in conjunction with our excellent fire apparatus, against a disastrous conflagration.
Second—A chance for a still lower insurance rate.

Third—Cooler and better water for domestic purposes.

Fourth—An inducement for the starting of manufacturing in our midst with water as the motive power.

Fifth—The beautifying of the Plaza and our homes with shade and ornamental trees, lawns, shrubs and flowers, which cannot now be done except in a limited way with our present water service.

Sixth—A safe and profitable investment for the individual or the city.

If private capital and enterprise will not supply these wants immediately let the city of Sonoma take the matter in hand and own and control its own water works. Public necessity demands it.

W. W. Morrow is being urged by his friends as a suitable man for the Republican nomination for Governor.

Darby's Porypallactic Fluid.
Use it in every sick-room. Will keep the atmosphere pure and wholesome, removing all bad odors from any source. Will destroy all disease germs, infection from all fevers and contagious diseases.

The eminent physician, J. Marion Sims of New York, says: "I am convinced that Prof. Darby's Porypallactic Fluid is a most valuable disinfectant."

Frightful Accident.

A Railroad Train Goes Through an Open Bridge.

One Hundred Passengers Drowned.

OAKLAND, May 30th.—At 1:45 this afternoon the narrow gauge local passenger train went through the Webster street drawbridge, which had been left open by a careless employee, and one hundred passengers were drowned. The engineer and fireman escaped. Bodies of passengers are now being taken from the water.

No country paper can be supported without home patronage, and every man should be interested in keeping up a home paper. If a railroad or factory is wanted, the newspaper is expected to work for it. If a public meeting is wanted the newspaper is called upon for a notice. If a section is misrepresented by the outside press the home paper must vindicate it. If any of the societies have a supper or reception of any kind, the newspapers are expected to give the complimentary notice. The newspaper must enumerate, put forth the superior advantages of soil, climate and scenery of its section, as well as give the place a handsome notice occasionally. And yet some people do nothing to keep up their home paper.—Ez.

DR. O. P. FITZGERALD has been elected Bishop of the Methodist Church, South.

For Dry Goods, Clothing, Groceries, Hardware, Cutlery, and also everything kept in a general merchandising store go to S. Schocken's north side Plaza, Sonoma.

His Wife Suffered from Erysipelas.

Mr. John O. Rogers, of Dana, Illinois, writes as follows under the date of March 27th 1890: "My wife was for years an invalid from a blood trouble, and suffered terribly at times with Erysipelas. She tried many remedies advertised as blood purifiers, but received no benefit. A few bottles of SWIFT'S SPECIFIC (S. S. S.) cured her of Erysipelas and other blood troubles. From the first her appetite increased, and her general health improved in every way. She considers S. S. S. the best blood purifier and tonic she ever saw, and is willing for any one suffering as she was to be referred to her.

His Blood Poisoned by Cow Itch.

About five years ago my blood was poisoned with cow itch, and every spring since then I have been troubled with the poison breaking out in large sores all over my body. I tried various remedies with out receiving any benefits. Three bottles of SWIFT'S SPECIFIC (S. S. S.) effected a complete and permanent cure, when all other blood remedies had failed.

COUNTY ITEMS.

A Board of Trade has been established in Healdsburg.

G. W. Rhyerson, a saloon keeper of Fulton, dropped dead in Grissini's saloon, Santa Rosa, last Saturday afternoon. He died of heart disease.

The Santa Rosa "Democrat" says that in the course of two weeks the canneries will furnish employment to 100 to 500 men, women and children. The season's pack promises to be large.

One day last week twenty-five school children in the Porter Creek district were vaccinated by Dr. Crowder. The vaccination was ordered by the School Trustees at the expense of the district, under the provisions of the new school law which vests in them that authority.

Geo. W. Brugg, the condemned murderer, sentenced to be hanged on June 12th, will not be executed on that day, as an appeal for a new trial before the Supreme Court has been filed and cannot be decided by that tribunal for several months yet to come.

The charred and baked remains of E. H. Ashley, an employee of the Sonoma Lumber Company at Guerneville, were discovered Monday morning near a quantity of burnt brush. It is supposed that while burning brush his garments had become ignited, and being unable to extinguish the flames, he perished. His death must have been attended with the most excruciating agony.—"Democrat."

South Los Guilecos Squibs.

Chicken-pox is going the rounds in this vicinity.

Judge Zane and wife went to the county seat Monday.

W. C. Parker is making some substantial improvements on his place.

P. Jensen is building an addition to his dwelling and otherwise improving his property.

Johnny Kearney, who has been repairing our roads, has left them in better condition than they have been for many years. Good boy, Jack. Run for lieutenant, and all hands up this way, including the cook, will go for you.

A GREEN COUNTRY BOY.
South Los Guilecos, May 28, 1890.

\$100 Reward. \$100.

The readers of the INDEX-TRIBUNE will be pleased to learn that there is at least one disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and aiding nature in its work. The proprietors have no such faith in its curative powers, that they have offered One Hundred Dollars for any case it fails to cure. Send for full testimonials. Address: F. J. CLEGG & CO., Toledo, O. Sold by Druggists, 75c.—Ez

Be sure and take advantage of the pleasant weather and good roads to invite your wife, daughter or sweetheart for a drive to Agua Caliente Springs where the flowers bloom, the birds sing and the best of refreshments can be procured at any time of the day or any season of the year.

BOY.
FAITHFUL—In El Verano, May 20th, to the wife of Chas. M. Faithful, a daughter, MANFREDINI—In Sonoma, May 28th, to the wife of P. Manfredini, a daughter.

NEW TO-DAY.

Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. A Boston lady, whose example is worthy imitation, tells her experience below: "In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not buy anything, etc. But he could not prevail on me to change. I told him I had taken Hood's Sarsaparilla, knew what it was, was satisfied with it, and did not want any other. When I began taking Hood's Sarsaparilla I was feeling real miserable with dyspepsia, and so weak that at times I could hardly stand. I looked like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELIA A. GORF, 61 Terrace Street, Boston.

BREVITIES.

The Native Daughters of this place are making arrangements for a calico party next month.

O. Henry Baron, the artist, returned from the city Monday evening, after an absence of several days.

Public Administrator Tivnen has applied for letters of administration on the estate of G. W. Rhyerson, who recently dropped dead in Santa Rosa.

Savages expect to imbibe bravery by drinking the blood of their brave enemies. A more enlightened method of vitalizing the blood is by taking Ayer's Sarsaparilla. It braces up the nerves and gives strength and fortitude to endure the trials of life.

Don't Go Off Before You Are Ready.

Particularly on a long journey. Be fully prepared. You cannot be, permit us to say, unless you are accompanied with the traveler's and tourist's made mecum, Hostetter's Stomach Bitters, most genial of appetizers, stimulators and promoters of digestion. Against weakness, malaria, cramps and colic, be gotten of badly cooked or unwholesome food and brackish water, nervousness, increased by travel, chronic biliousness and constipation, the Bitters is a sovereign preventative. It imparts a relish for food and altogether to your taste, not needing it from disagreeing with you. Never was there such a capital thing for the unfortunate dyspeptic who stands in dread of the best cooked meal. Stomachic troubles caused by ill prepared viands aboard ship, on foot, or in the hotel, are cured by the Bitters, which gives a quick relief to rheumatism, kidney troubles and insomnia.

A Safe Investment.

In one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at E. W. Weger's Drug Store.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Litters, and have never had a single complaint that we sold as well, or that have given us more satisfaction than we have. We stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. E. W. Weger's Drug Store

NEW TO-DAY.

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The moisture means of correcting these evils is the use of Ayer's Cathartic Pills. The prompt action of these pills would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated, the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action, so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for afflictions requiring a purgative, and have given me unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. E. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else as the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Fulton, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take, and the quality which must make them valued by the public."—Jules Hanel, Perfumer, Philadelphia, Pa.

Notice of Assessment.

NOTICE IS HEREBY GIVEN THAT from and after the first Monday in May, 1890, 12 o'clock M., the Assessor of Sonoma City will receive statements from the owners of property, subject to taxation in said city, at his office in the City Pavilion. All property in said City, real and personal, will be assessed at the same valuation, as placed upon the same by the County Assessor for the year 1890. Changes in the ownership of such property must be reported to the City Assessor, otherwise the assessment will be made by him, as required by Ordinance No. 22.

Notice to Creditors.

Estate of HENRY WINKLE, deceased.
NOTICE IS HEREBY GIVEN BY THE UNDERSIGNED, Administrator of the estate of Henry Winkle, deceased, to the

SONOMA, MAY 31, 1900.

CITY OFFICIAL PAPER.

Hereafter obituaries, funeral notices, tributes of respect, etc., will be charged for at the rate of 50 cents per line. Communications upon matters of local or general interest solicited. Communications designed to call attention to any matter of public interest or individual interest will not be inserted unless paid for as an advertisement. The publisher's real name and address accompany all communications, not necessarily for publication, but as a guarantee of good faith. This rule will not be deviated from.

LOCAL BREVITIES.

The Union Hotel is now open. The Occidental is a popular resort. Have your carpets cleaned at Gross.

The Agua Caliente Springs Hotel is now open.

The Occidental Hotel is a first-class resort.

Schocken always has on hand fresh groceries.

Go to the Union Hotel for first-class accommodations.

R. D. Moore of the Occidental keeps a first-class house.

Go to H. Weyl's for Star flour. The best in the market.

Old furniture made like new by Gross, eastside Plaza.

The election for School Trustees takes place next Tuesday.

The Occidental Hotel is fast becoming a popular place of resort.

The flag and flag staff for the Sonoma Public School arrived this week.

There was a free fight on the picnic grounds at Glen Ellen last Sunday.

You can be accommodated at the Union Hotel according to your means.

Star flour at Weyl's is only \$1.20 per sack; per barrel, \$4.75. Guaranteed.

The traveling public praise the Occidental Hotel, R. D. Moore proprietor.

Lee Manuel has been suffering the past week from a severe abscess of the hand caused by a bruise.

Catfish are reported plentiful in Sonoma creek near Embarcadero. A five-pounder was caught in the vicinity of the Pless dredger last Saturday.

The ladies of the Congregational Church contemplate giving their usual Strawberry Festival on the 27th of May at Union Hall. Admission, 25 cents.

The ladies of the M. E. Church will give an entertainment at Union Hall on the evening of Wednesday, June 11th. An excellent literary programme will be presented. Refreshments will also be served.

The Agua Caliente Springs Hotel having been enlarged and refurbished, is again running under the old management and the proprietor will be pleased to see and entertain all his old friends and as many new ones as may favor him with call.

John Johnson, the well-known block-maker, while working in the quarries last Wednesday, was struck in the eye by a sharp piece of stone which embedded itself in the tissues of that sensitive organ. It was removed by Dr. Vance.

Mr. A. A. Vallejo, teacher of Spanish and music, has been quite successful with his classes in this place. Hereafter he will teach at the residence of Mrs. Gen. Vallejo every Friday and Saturday evening. Young ladies who so desire will also be taught at the same place.

The buildings on the Plaza, formerly occupied by the railroad people, together with the windmill and tank, will shortly be sold and carted away. They are an eyesore to the town, and their removal will add much to the appearance of the northern side of the Plaza.

Wells, Fargo & Co.'s express office has been removed from Duhring's store, where it has been located for over a quarter of a century, to S. Schocken's on Spain street. Freight Agent Crooks of the Sonoma Valley railroad has been appointed agent, vice F. Duhring, deceased. We understand it is his intention to ultimately remove the office to the depot building.

The raising of the American flag over our public school house will take place next Friday afternoon with appropriate ceremonies. Prof. Watson will deliver the oration. The Prof. deserves great praise for his successful efforts to secure for the Sonoma Public School a flag and flag-staff and for the interest he is manifesting in our youth. He is one of the most popular principals we have had since Mrs. Martin resigned the position to accept the superintendency of schools of this county.

A horse hitched to a go-cart broke from his fastenings Thursday afternoon and ran away. The equine danced down Napa street and upon reaching Grothaus' corner "almanac" to the right and made a bee-line for Poppe's store, where the President of the Bald-Headed Club sat musing behind the large glass windows. The animal, in endeavoring to execute a "right and left" with one of the large awning supports, ran foul of the same and came to a standstill a few yards further on with a terrible crash. The President was heard to remark that he thought the world was coming to an end. No damage of consequence.

HAS HE BEEN MURDERED?

Mysterious Disappearance of H. B. Brockman.

Last Seen in Santa Rosa on the 19th of Last January.

Harmon F. Brockman, who has resided in this valley for nearly forty years, has mysteriously disappeared. He is the owner of a mountain farm near Glen Ellen, where he kept bachelor hall. On the 19th day of last January he boarded the Southern Pacific train at that place for Santa Rosa, intending to be absent a day or two. Upon his arrival in that city he borrowed \$150 from a friend for the purpose of making improvements on his farm. After securing the money he visited several saloons around town. During the course of his rambles he stated that he intended to put up at the Tupper House that night and return home next morning. The last seen of him was early in the evening. He was then slightly under the influence of liquor, since which time his relatives and friends have lost all trace of him.

It is supposed that he roamed around the town that night and left on an early train the next morning for San Francisco, and it is feared that upon his arrival there he fell in with a gang of city front thieves and was either murdered and robbed and his body thrown into the Bay, or shanghaied aboard some deep sea vessel bound for a foreign port.

Until a few days ago it was supposed that he was on his farm, but an investigation led to the startling disclosure that he had not been there since his visit to Santa Rosa last January.

The missing man is a native of Missouri and fifty-four years of age. He is of medium height and heavy set in build. When last seen he wore a short beard. He is a brother of the late Israel Brockman, the first Sheriff of Sonoma county, and a brother-in-law of J. M. Hendley of Glen Ellen.

Our Boys and Girls.

The entire graduation class of the Sonoma Public School, Miss Mary Burke, Margaret Burke, Florence Campbell, Clara Cheney and Zoe Clark, have successfully passed their examination for graduation. The young ladies were compelled to undergo their examination one month before the expected time. The examination questions were prepared by the County Board of Education, who corrected the papers. Notwithstanding these drawbacks our girls came out of the educational battle with colors flying, not one in the class receiving less than 80 per cent.

By way of comparison we will state that out of a graduating class of 12 in the Cloverdale school only two passed a successful examination. The commencement exercises will be held in Union Hall next Friday evening, on which occasion County Superintendent of Schools, Mrs. F. McG. Martin, will be present. Each of the young ladies of the graduating class will read an essay, which will be interspersed with instrumental music and addresses by school officials will conclude the evening's programme.

The youngsters being hard pressed in their struggle for promotion and the election which takes place next Tuesday, when the old boys will take possession of the school house, were circumstances which caused the school to be in session Memorial Day. Part of the afternoon, however, was spent in telling in pleasant song and story of the glorious deeds of those heroes now laid to rest. A coverlet of flowers was spread over the graves of the soldiers and two former teachers who are sleeping the sleep of eternal in Mountain Cemetery.

THE PLESS DREDGER.

A Machine that Does the Work of 1,000 Men.

A Reclamation Project that Will Prove a Boon to Sonoma Valley.

W. B. Pless, who is associated with Senator J. P. Jones of Nevada, in the enterprise of reclaiming for dairying and farming purposes thousands of acres of marsh lands bordering the shores of Sonoma Creek, a few miles southeast of town, has commenced active operations at a point about half a mile east of Poppe's ranch. This land when reclaimed will be the finest body of agricultural and dairying land in the State. The creek and sloughs will be leveled to a height of five or six feet and a driveway will be constructed on top of the levee that will permit the passage in places of two teams coming in opposite directions.

One day this week, at the special invitation of Mr. Pless, a party composed of Mrs. H. H. Granje, D. D. Davison and the editor of the INDEX-TRIBUNE, paid a visit to the dredger, which has been named the "Nevada." It was constructed in Stockton for this special enterprise at a cost of \$20,000. It is 80 feet long and 34 feet wide and has a depth of hold of 64 feet, and has an upper and lower deck. The latter is used for the machinery while the former is fitted up with staterooms, dining rooms, pantry and all the modern appliances of a Bay steamer. The machinery is run by four engines and is capable of doing the work of 1,000 men.

To give the reader a faint idea of the massiveness of the dredger we will state that the boom is 92 feet long and the iron bucket which swings at its end weighs 5,000 pounds. In anticipation of the visit of the editorial party Mr. Pless had everything in readiness for a test trial. Taking his position in front of a number of hand levers, by simply pulling this one and that one he caused the boat to become unanchored, then to move down stream, re-anchored, and then the ponderous 5,000-pound bucket and massive boom were operated as if they were mere toys. The latter was dropped down into the creek and upon being raised to the surface, filled to overflowing with mud and debris, was swung by the boom eighteen or twenty yards from the shores of the creek and deposited back on the line of the levee. Sixty of these immense buckets full of earth can be excavated in an hour. This dredger will build about two miles of a substantial levee per month. The dredger is an invention of Mr. Pless, and we understand he has been offered a handsome fortune for an interest in this marvelous levee builder.

The test was entirely satisfactory. Senator Jones, who is now in Washington, has ordered two more of these dredgers and in a few months Mr. Pless will have all three in operation on Sonoma creek working day and night, with 8-hour shifts. The work done by this dredger is truly marvelous and in a short time thousands of acres of rich land that is now submerged and practically useless will be reclaimed and made to blossom as the rose. As fast as the land is reclaimed it will be put to use. Several hundred head of young heifers will be purchased this fall and a dairy ranch, which will eclipse anything of the kind in this section of the State, will be started. A milk steamer will make daily trips from the dairy to San Francisco, and large quantities of butter and cheese will be made. Land will also be leased to responsible families at a fair rental, who will be given substantial aid in getting a good start on the land, to the end that the marsh lands bordering the Sonoma creek from Sonoma to the shores of San Pablo bay may be redeemed from a desolate waste and made to support in ease and comfort many happy and contented families.

Several hundred head of young heifers will be purchased this fall and a dairy ranch, which will eclipse anything of the kind in this section of the State, will be started. A milk steamer will make daily trips from the dairy to San Francisco, and large quantities of butter and cheese will be made. Land will also be leased to responsible families at a fair rental, who will be given substantial aid in getting a good start on the land, to the end that the marsh lands bordering the Sonoma creek from Sonoma to the shores of San Pablo bay may be redeemed from a desolate waste and made to support in ease and comfort many happy and contented families.

The test was entirely satisfactory. Senator Jones, who is now in Washington, has ordered two more of these dredgers and in a few months Mr. Pless will have all three in operation on Sonoma creek working day and night, with 8-hour shifts. The work done by this dredger is truly marvelous and in a short time thousands of acres of rich land that is now submerged and practically useless will be reclaimed and made to blossom as the rose. As fast as the land is reclaimed it will be put to use. Several hundred head of young heifers will be purchased this fall and a dairy ranch, which will eclipse anything of the kind in this section of the State, will be started. A milk steamer will make daily trips from the dairy to San Francisco, and large quantities of butter and cheese will be made. SONOMA INDEX - TRIBUNE.

SATURDAY, MAY 31, 1890.

AN UNKNOWN ISLAND.

Even at the Present Time New Guinea is a Terra Incognita.

Among the islands of the world New Guinea stands second in size to Australia, of which at one time it has evidently been a part. The geological character of the bottom of the shallow Torres strait, which, with a width of eighty miles, separates the two islands, shows that it was a connecting isthmus before its submergence, which probably occurred in the Miocene period. New Guinea lies immediately north of Australia, between 35 minutes and 10 degrees 40 minutes south latitude, and between 130 degrees 50 minutes and 150 degrees 35 minutes east longitude. It is 1,400 miles long, with a maximum breadth of 430 miles, and its area is 300,000 square miles. In its general configuration it is mountainous, and the coast-line is composed of steep cliffs broken by the swampy deltas of navigable rivers, some of which streams are of considerable size. A barrier reef, with openings that afford a safe harborage for large vessels, lies outside of much of the coast. From its situation, almost directly under the equator, the climate of New Guinea is hot and humid, and on the coast unhealthy.

The remoteness of New Guinea from the usual course of merchant vessels, the steep cliffs of its coast, the dense forests, and, where the shores are low, the swamps and malarial jungles, together with the treachery and ferocity of its inhabitants, are causes which have rendered it so long a mystery to civilized eyes. While its coast-line is comparatively well mapped, but little more is known of the interior than that it contains high mountain ranges, some of which are visible from the sea, but they have so far proved inaccessible. D'Alberis, the Italian explorer, in 1876-7 steamed in the ten-ton launch Nerva five hundred miles up the Fly river, in the south part of New Guinea. He found the vegetation to be Australian in character, the river banks low and swampy. As he penetrated the interior of the island he noted that the people were more civilized than those residing upon the coast, but they were warlike and treacherous, sometimes endeavoring to entice his party into ambushes upon the shore, and several times attacking his launch with fleets of canoes.

Attempts by explorers to push by land into the interior have invariably failed before much progress was accomplished. All observations that have been made confirm the fact that New Guinea is rich in fruit and plant life of many descriptions, that the soil is fertile, the scenery magnificent in many parts, and that the island teems with inhabitants. It is by the great waterways into this island that the most important explorations have been made. By no other way could any part of the interior be as yet safely entered.

But little knowledge of the interior of New Guinea can be obtained from its native peoples, which consists of a great number of isolated tribes, differing much in appearance and language. These communities live at constant feud with one another, and can give little information of tribes beyond the limits of their respective domains. There are a variety of types among the people, the prevailing characteristics of race being those known as the Papuan, which are found especially in the southeast of the island. In this type is found long frizzy hair, which is dressed by its owners into the form of a mop; a skin removed just a shade from black; a prominent aquiline nose, depressed at the point; and protruding lips, which cause the chin to appear to retreat. Leprosy, elephantiasis, itch and ophthalmia are frequent among the New Guinea natives, and fully a third of them are afflicted with a malignant ringworm caused by a microscopic insect. Among certain coast tribes of the island the intermixture of Arab and Malay blood has produced a fairer type of people, superior to the Papuans; other New Guinea tribes resemble the Polynesians. In the mountainous northern part of New Guinea, at Andai, are the Arfaks, which are described by D'Alberis as a fine, tall, strong people, superior to natives of the coast. The type of the mountain tribes is generally Papuan, and the expression of their countenances is melancholy. Among them, according to this explorer, are albinos; and some tribes have the woolly hair of the genuine negro. Among the natives the level of civilization varies, but it seldom reaches even the average Pacific island standard. They have no single name for New Guinea, nor any idea of its extent, only using terms signifying "great land" to distinguish it from the adjacent islands.—Harper's Weekly.

MADE A DISCOVERY.

How a Night Fowler Found Out That He Was Only a Poor Bluffer.

An officer patrolling through East Grand Circus Park at midnight the other night found a man sitting under a tree, and he promptly inquired: "What are you doing here?" "Taking a rest," was the answer. "Well, you move on or I'll take you in."

"You can't do it!" "You can't?" "You can't do it! Lay a hand on me and I'll paralyze you!" The officer grabbed him, stood him up, cracked his heels in the air, slammed him down and stood him up again and said:

"Now will you come along?" "Oh, certainly," was the mild reply. "I thought you were going to paralyze me." "So did I. I felt as brave as a lion until you took hold of me, and my courage then went like a flash. Say, I must be what they call a bluffer!"

"Fight best with my mouth?" "Exactly." "Well, it's curious. I've often hankered to fight and I've scared big men out of their boots, and all the time I was only a dufer of a bluffer, ready to give in if any body had gone for me. Well, well, but what a curious animal man is! Ring for the wagon and look me up."—Detroit Free Press.

For Dry Goods, Clothing, Groceries, Hardware, Cutlery, and also everything kept in a general merchandise store go to S. Schocken's north side Plaza, Sonoma.

MISCELLANEOUS.

ASLEEP ON THE TRACK.

A little child, tired of play, had pillowd his head on a railroad track and fallen asleep. The train was almost upon him when a passing stranger rushed forward and saved him from a horrible death. Perhaps you are asleep on the track, too. You are, if you are neglecting the hacking cough, the hectic flush, the loss of appetite, growing weakness and lassitude. Wake up, or the train will be upon you! Consumption, which thus insidiously fastens its hold upon its victims while they are unconscious of its approach, must be taken in time, if it is to be overcome. Dr. Pierce's Golden Medical Discovery has cured thousands of cases of this most fatal of maladies. If taken in time, and given a fair trial, it is guaranteed to benefit or cure in every case of Consumption, or money paid for it will be promptly refunded.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Asthma, Sore Throat, and kindred affections, it is an efficient remedy.

Copyright, 1888, by WORLD'S DRUG MED. ASS'N.

\$500 REWARD offered for an incurable case of Catarrh in the Head, by the proprietors of Dr. Sage's Catarrh Remedy. Only 50 cents sold by druggists everywhere.

SONOMA VALLEY BRANCH.

Attempts by explorers to push by land into the interior have invariably failed before much progress was accomplished.

But little knowledge of the interior of New Guinea can be obtained from its native peoples, which consists of a great number of isolated tribes, differing much in appearance and language.
